# Healthful Cleanliness

is the Old Dutch way

#### Safest for Porcelain and Kitchen Utensils

Old Dutch Cleanser is a great help in the kitchen; it safeguards the health of your family. It keeps pots, pans, sink, table top, etc., not only spick and span, but sanitary and wholesome, too,

Old Dutch is the sure way to Healthful Cleanliness, It removes not only surface dirt but also all the unseen impuriities which are often a menace to health.

Safest for porcelain and enamel, Old Dutch does its work without scratching. This distinctive characteristic is due to its fine, flaky, flat-shaped particles. There's nothing else like it.

This drawing of a highly magnified particle of Old Dutch shows how they work. A clean sweep without marring the surface. Like thousands of tiny crasers they remove all uncleanliness

Avoid cleaners containing hard, scratchy grit. This drawing of a highly magnified gritty particle shows how they mar surfaces and make scratches which are catchalls for impurities.

Use Old Dutch Cleanser and you are assured of safe cleaning and Healthful Cleanliness.
